# International & RF Connectors

## Cross Reference

Cable to Connector Cross Reference

---

**RF Connectors**, Division of RF Industries, 7610 Miramar Road, San Diego, CA 92126-4202  
For product information call (800) 233-1728 or (858) 549-6340, Fax: (858) 549-6345  
E-mail: [rfi@rfindustries.com](mailto:rfi@rfindustries.com) Web: [www.rfindustries.com](http://www.rfindustries.com)

## HOW TO USE THIS MANUAL

This manual is organized first by International Electronic Cable groups and second by the types of RFI connectors available for those groups. The connectors are divided into subgroups by type.

Each connector listing contains the RFI part number, the description and the materials used for each connector. The materials listings consist of the body, shell, pin/contact, and dielectric.

Use the Cable Number Locator below for easy cross-referencing by cable part number to page number.

**Example:**

*You need to know if RFI has an N Male Clamp Solder Plug for International Electronic 9059.*

*Refer to the table below for International Electronic 4032. Go to page 8. Under the heading for International 3934, 4032, 4033, 4035, 4036, 4036F, 4037, 4041, 4042, 4043, 9000, 9001, 9010, 9014, 9016, 9018, 9062, 9300 you will find RFN-1904-1N and RFN-1904-1S.*

From the description and the materials information you are able to determine if one of these connectors works for your application. The legend at the top of page two explains the material codes used in this manual.

**Part numbers with an \* are special order only.** If you have special requirements, please contact RF Industries' sales department for assistance.

The information found in this guide was compiled using specifications that were current at the time of compilation. Please note that manufacturer's specifications are subject to change without notice. We therefore suggest that after using this guide to make your initial connector selections, you should obtain the latest product specifications from this cable manufacturer and RF Industries.
