

We offer Hirose U.FL and Ipex compatible connectors, adapters and cable assemblies

We offer a wide variety of terminations

RF CABLE ASSEMBLIES OFFERS the widest range of standard jumpers for your Wi-Fi IEEE802.11a/b/g, Bluetooth wireless and wireless broadband requirements. Our "MHF" series micro coaxial connectors are equivalent to the Hirose U.FL and Ipex connectors. They are very low profile [2.5mm mating height] and support dual band 3-6 GHz applications.

**MHF is the name we give our Hirose U.FL and Ipex micro high frequency connectors.*

Contact us for additional Wi-Fi cable assemblies.
